Subject: Re: OSR Check - North Weld Sanitary Landfill

Hello Matt - The **North Weld Sanitary Landfill** continues to be acceptable pursuant to the CERCLA Off-site Rule (OSR). Here's the VCA:

The OSR acceptability status is dynamic in nature and subject to change. Region 8 has instituted a policy where EPA conducts a verification of continued acceptability (VCA) on facilities that have been previously found acceptable under the CERCLA Off-site Rule (OSR) such as the North Weld Sanitary Landfill in Weld County, Colorado. The purpose of a VCA is to provide a periodic check to assure that the facility continues to be to meet the standards of the CERCLA OSR. VCAs are conducted when a request for OSR status is received and the previous VCA had been conducted more than 60 days prior. VCA are valid for 60-days.

A VCA was completed for the North Weld Sanitary Landfill facility on October 31, 2012, so the VCA is valid until **December 31, 2012**. CERCLA waste shipments sent to the North Weld Sanitary Landfill facility up until December 31st, are in full compliance with the OSR. If CERCLA wastes are planned to be sent after this date, please contact me about a week or so prior to December 31st, so that a new VCA can be conducted at that time. Thanks.

Terry J. Brown

Subject: OSR Check - North Weld Sanitary Landfill

Is Waste Management's North Weld Sanitary Landfill located at 40,000 Weld County Rd #25 in Ault CO acceptable for CERCLA waste?

Thanks

Matt Francis
